01. Permits and Design				
Permit	1	EA	\$ 2,309.56	\$ 2,540.52
Design and Planning Process -- See Design and Planning Agreement for Details.	1	EA	\$ 3,700.00	\$ 3,700.00
Subtotal - Category 1			\$ 6,009.56	\$ 6,240.52
02. Site Prep and Demolition				
Site Prep (Includes floor protection, poly curtain walls, and delivery of tools/equipment and set up of job site). Place yard sign and order dumpster. Protect floors through home to work area. Install poly curtain walls and zipper doors to work area.	1	EA	\$ 383.00	\$ 421.30
OPTION: Furnish and install a Schlage "Camelot" keypad electronic deadbolt. Finish: TBD. ADD: \$110.00 NOTE: This is priced at our cost with free install. It is a good alternative to having a lock box on your door and you can use it in the future after your project is complete. There are other options that provide "smart" technology as well for a slightly higher cost. Ask your designer for details.	1	EA	\$ 0.00	\$ 0.00
Demolition of work area to EPA lead safe work practices. Remove existing paneling, millwork, insulation, and flooring down to studs/subfloor/rafters.	1	EA	\$ 2,220.00	\$ 2,442.00
Furnish active air filtration on the site for the duration of the project to minimize dust and particulate infiltration in non-construction areas	1	EA	\$ 132.00	\$ 145.20
NOTE: Although care is taken to carefully remove tile from walls and floor occasionally screw pops, hairline cracks, and other issues can arise in adjacent spaces; no costs are included in this estimate to patch drywall or repaint walls in adjacent spaces but the need could arise and can be handled with a Change Order. We also use the most expensive and sensitive tape when taping prep to the floor, walls, or trim. If it is a bad or old finish, there is a small chance that it may peel some of the existing finish off. Any additional repairs will be an additional charge and dealt with in a non-chargeable change order.	1	Note	\$ 0.00	\$ 0.00
