Site Prep Small to Medium Project (Includes floor protection, poly curtain walls, and delivery of tools/equipment and set up of job site). Place yard sign and order dumpster. Protect floors through home to work area. Install poly curtain walls and zipper doors to work area.	1 EA	\$	446.55	\$	513.53
Bathroom demolition of work area to EPA lead safe work practices: Remove and dispose of tub. Remove and dispose of shower control and faucets. Demo shower area to studs. Existing floor in bathroom to remain. Existing ceiling to remain and get scraped. Items to be removed/saved for reinstallation:	1 EA	\$	705.60	\$	811.44
OPTION: Furnish and install a Schlage "Camelot" keypad electronic deadbolt. Finish: TBD ADD: \$110.00 NOTE: This is priced at our cost with free install. It is a good alternative to having a lock box on your door and you can use it in the future after your project is complete. There are other options that provide "smart" technology as well for a slightly higher cost. Ask your designer for details.		\$	0.00	\$	0.00
NOTE: Although care is taken to carefully remove materials from wall and floor surfaces, screw pops, hairline cracks, and other issues can occasionally arise in adjacent spaces. No costs are included in this estimate to patch drywall or plaster or repaint walls in adjacent spaces but the need could arise and can be handled with a Change Order. We also use the most expensive and sensitive tape when taping prep to the floor, walls, or trim. If it is a bad or old finish, there is a small chance that it may peel some of the existing finish off. Any additional repairs will be an additional charge and dealt with via Change Order.	1 Note	\$	0.00	\$	0.00
