NOTE: This is the field tile. Add bullnose, Schluter, accent tiles, etc. to the lines above. NOTE: If tile dimensions 15" or more on any side, TCNA recommends that offset on install be			
no larger than 30%. Running bond at 50% not recommended because of cupping and crowning			
which causes lippage.

*Doesn't Apply to Bank Financing or loan process that requires ADU Builder Minneapolis to receive payment directly from that entity after ADU Builder Minneapolis has paid subcontractors and secured lien waivers. In these instances ADU Builder Minneapolis essentially acts as the financier for the project and incurs borrowing costs. Exceptions include banks willing to follow ADU Builder Minneapolis payment structure.
