A second design agreement will be sent during the design phase with a specific survey scope/costs to your property.	1 EA	\$	1,500.00	\$	1,800.0

Furnish active air filtration on the site for the duration of the project to minimize dust and particulate infiltration in non-construction areas.	1 EA	\$	150.70	\$	180.	
NOTE: Although care is taken to carefully remove materials from wall and floor surfaces, screw pops, hairline cracks, and other issues can occassionally arise in adjacent spaces. No costs are included in this estimate to patch drywall or plaster or repaint walls in adjacent spaces but the need could arise and can be handled with a Change Order. We also use the most expensive and sensitive tape when taping prep to the floor, walls, or trim. If it is a bad or old finish, there is a small chance that it may peel some of the existing finish off. Any additional repairs will be an additional charge and dealt with via Change Order.	1 Note	\$	0.00	\$	0.
