## BUDGET ANALYSIS

## Project Description:

Date: 6/8/2022
Add a 1000 SF second story addition which includes 3 bedrooms and 1 bathroom.
New HVAC system to supply addition and all electrical wiring to code. Includes James Hardie pre-finished fiber cement siding on entire home, aluminum soffit and 30 year architectural shingles. Includes 123 X 4 foot double hung insulated cladwood windows. Bathroom is $5^{\prime} \mathrm{X} 8^{\prime}$. Includes "classic" style finishes with tile tub/shower unit, toilet, vanity, tile flooring and mirrored recessed medicine cabinet. All trim, walls and ceiling to be painted. Carpeting in bedrooms, hall, and stairs. Assumes new stairs are stacked over stairs to the basement. Excludes water heater, laundry, and 2nd bath. Excludes laundry and low voltage electrical.

|  | Qty. Unit | Low Budget | High Budget |
| :---: | :---: | :---: | :---: |
| 01. Permits and Design |  |  |  |
| Permit <br> Design and Planning Process -- See Design and Planning Agreement for Details. <br> Have a surveyor locate and mark all 4 property corners with new monuments and draw a full site plan, showing existing buildings, driveway, sidewalks, patios, large trees, etc. <br> NOTE: This will be completed during the design phase if needed. A second design agreement will be sent during the design phase with a specific survey scope/costs to your property. | $\begin{aligned} & 1 \mathrm{EA} \\ & 1 \mathrm{EA} \\ & 1 \mathrm{EA} \end{aligned}$ | $\$$ $5,871.25$ <br> $\$$ $18,500.00$ <br> $\$$ $1,500.00$ | $\$$ $7,045.50$ <br> $\$$ $18,500.00$ <br>   <br> $\$$ $1,800.00$ |
| Subtotal - Category 1 |  | \$ 25,871.25 | \$ 27,345.50 |
| 02. Site Prep and Demolition <br> Site Prep Large Project or Addition (Includes floor protection, poly curtain walls, and delivery of tools/equipment and set up of job site). Place yard sign and order dumpster. Protect floors through home to work area. Install poly curtain walls and zipper doors to work area. <br> Demolition of work area to EPA lead safe work practices. Prep for 2nd floor addition: removing roof, sheathing, top chords rafters, overhangs, etc., subfloor to remain (verify- add cost if it is to be removed during design). <br> Note- if drywall below and existing joists are not removed, a substantial amount of drywall patching and repainting of the entire floor below the addition is necessary and costs will be added in below sections. Allowances for applicable crown and cove repairs, textures, etc. will be noted and added as well. Insulation vacuum for removing large amount of blown insulation in attics. Includes 3 yard gathering bags. <br> Charge to set up and take down scaffolding for exterior work or addition. And rental of $4 \times 4$ forklift for 2 weeks. <br> Furnish and install tarps in area where roof is being removed. <br> NOTE: Although care is taken to carefully remove materials from wall and floor surfaces, screw pops, hairline cracks, and other issues can occasionally arise in adjacent spaces. No costs are included in this estimate to patch drywall or plaster or repaint walls in adjacent spaces but the need could arise and can be handled with a Change Order. We also use the most expensive and sensitive tape when taping prep to the floor, walls, or trim. If it is a bad or old finish, there is a small chance that it may peel some of the existing finish off. Any additional repairs will be an additional charge and dealt with via Change Order. | 1 EA <br> 1000 SF <br> 3 EA <br> 1 EA <br> 1 EA <br> 1 Note | \$ $1,786.20$ <br> \$ $5,292.00$ <br>   <br> \$ $1,521.90$ <br> \$ $3,091.70$ <br> \$ $3,021.00$ <br> \$ 0.00 | $\$$ $2,143.44$ <br> $\$$ $6,350.40$ <br>   <br> \$ $1,826.28$ <br> \$ $3,710.04$ <br> $\$$ $3,625.20$ <br> $\$$ 0.00 |

| 14. Plumbing |  |  |  |  |  |
| NOTE TO CLIENTS: During kitchen and bathroom remodels, the pipes (drains and galvanized water lines) sit for extended periods of time with no water going through them. The build up on the inside of the pipes dries up and sometimes can come free and clog either a drain or water line, once the water is turned back on at the end of the project. There is no money included to unclog a pipe if this happens and additional charges will occur. <br> General Plumbing Note: Any new waste or supply lines will be plastic, not copper or galvanized. | 1 Note | \$ | 0.00 | \$ | 0.00 |
